## FOOTNOTES

1. Issuance of policy may depend on answers to health questions set forth in the application. Additional requirements may be needed when referred to underwriting.
2. Only one Accelerated Benefit is payable.
3. In WV, Minimum Face Amount is \$25,001.
4. Only available when applicant is referred to underwriting (RTU) for the following face amounts and ages: \$500,001 to \$750,000 for ages 18 years to 55 years and \$750,001 to \$1,000,000 for ages 18 years to 45 years.
5. **No Medical Exam for Qualified Applicants:** All applicants must answer application health questions and undergo automated underwriting review. Depending on health answers, electronic report results, age, and amount of insurance applied for, an applicant may not receive an immediate decision, and a review of more information and/or a medical exam may be required to determine eligibility
6. Withdrawals made prior to age 59½ are subject to ordinary income taxation and may be subject to tax penalties.
7. Not available in CA and SD.
8. Annuity payout options based on the Annuitant's life will be determined by the Annuitant's age and sex. In Montana, the annuity payout options will be determined by the Annuitant's age only. For annuity payouts with Period Certain, the minimum payment period is 5 years.
9. For the Period Certain, Life Income with Period Certain and Joint Life with Period Certain, this rider provides for a one-time withdrawal of up to 30% of the withdrawal base at any time during the period beginning with the first contract anniversary through the end of the guaranteed period. Exercise of the one-time withdrawal will result in a reduced annuity income payment. This rider may be exercised only by the original owner, as of the contract date. The minimum withdrawal amount is \$2,500. This rider may not be available in all states. This rider is not available when this product is sold in combination with any other Sagicor product.
10. Part of the Penalty Free Withdrawal provision is known as the "Bailout Feature." Beginning in contract year 2, if the renewal rate is more than 1% below the Initial Fixed Interest Rate, the owner may request, within 30 days of notification, to receive the Accumulation Value without incurring a Surrender Charge or MVA. The "Bailout Feature" is only available the first time that a Declared Fixed Interest Rate is more than 1% below the contract's Initial Fixed Interest Rate.
11. MVA not applicable in MN, MO and PA.
12. At the end of the initial guarantee period, a 30-day penalty-free window begins. A full or partial withdrawal may be taken during the "window" without a surrender charge or market value adjustment. Refer to Form 9089 Milestone MYGA Product Guide for additional details.

**DISCLOSURE:** The information contained in this guide is summary in nature. If you have questions about the policy/contract and riders, please contact Sagicor at 888-724-4267 ext. 4680. Products issued by Sagicor Life Insurance Company. Not available in all states and variations may apply. Sagicor does not provide tax, legal or accounting advice. Home Office: Scottsdale, Arizona.
